Two-days Hands-on Workshop on NSO data

28th & 29th April 2022

Organized by

**Department of Economics
Ch Charan Singh University
Meerut**

About the University

The Chaudhary Charan Singh University, Meerut (formerly Meerut University) is one of the country's premier educational institutions. Since its inception in 1965, the university has been fulfilling the demand for high-quality higher education in the districts of western region in the Uttar Pradesh state. In the areas of Humanities, Social Sciences, Sciences, Journalism, Mass Communication, and Multimedia Techniques, Earth Sciences, Teacher and Physical Education, Fine Arts, Legal Studies, Applied Sciences, Home Science, and Business Studies, the university currently offers a large number of Ph.D., post-graduate, under-graduate, diploma, advanced diploma, and postgraduate diploma courses.

About the Department

The Economics Department was established in 1977 with the goal of nurturing skilled manpower capable of analyzing economic problems at different levels of sophistication and providing policy solutions. Through its team of well-qualified and experienced faculty members, the department is offering BA (Honours), MA, and Ph.D. programmes, and provides in-depth training in theoretical and applied economics. The department's students have consistently performed well in the job market, both in the public and private sectors, and their success rates in various national examinations have always been above average. They have been placed in various organizations, including academic and research institutions, civil services, commercial banks, RBI and corporate business houses, among others.

About the Workshop

The NSO conducts survey every year on Consumer Expenditure, Employment-unemployment, Enterprises (Organized and Unorganized), Prices, and Agriculture (Area under crops, Crop yield) as a part of its Standard Annual Program. Conduct periodic surveys on Housing, Slums, Disability, Elderly Population, Landholding, Debt and Investment, Social consumption, Tribal society, Gender discrimination, Transportation, Pollution, Literacy, Tourism, and so on, as part of the Special Program. Methodological studies on different topics including sampling design, estimation procedures, survey practice, and data Processing are also done on a regular basis.

Researchers in various disciplines such as Economics, Statistics, Commerce, Sociology, Education, and other Social Sciences have made extensive use of these micro-databases. These micro-datasets are also enormously useful to PhD and Masters Students working on their Thesis/ Dissertation. So, the objective of this workshop is to provide the students an overview of all datasets available through NSO, as well as hands-on experience on extracting these datasets from NSO web-pages and conducting basis analyses.

Eligibility & Number of Seats

The participant must have a Bachelor's Degree or currently enrolled in any Ph.D./PG/UG course in any discipline in any university/college.

Seats: 50 (first-come, first-served basis)

Participants are expected to bring their laptops for hands-on practice.
