International Webinar (e-Conference)

On

Prospective of Interdisciplinary Research in Science and Technology in the Present Scenario May 15-16, 2020

About the Webinar (e-Conference)

The Covid-19 pandemic has brought us to a new sagacity of urgency towards ingenious efforts by using available advanced technologies. The global scientific community must continue to play an active role in the development of scientific and technological innovations, not only to successfully fighting the COVID-19 emergency, but also to contribute to the academics across the globe. With this view, during this social distancing period, the Department of Physics, Chaudhary Charan Singh University, Meerut (UP), India is providing an e-platform to the scientific community for sharing their ideas and research by organizing a two day webinar (e-Conference) with a theme “Prospective of Interdisciplinary Research in Science and Technology in the Present Scenario”.

Call for Contribution -Free Registration

Distinguished scientists and academicians across the globe will be sharing their invaluable research on the theme of the Webinar. This webinar also invites contributions, oral or poster, from researchers from diverse fields of science and technology. Interested participants may register on the provided registration link. Those who are willing to present their work at the webinar are required to send one page abstract neatly typed in the Times New Roman(12p) with one and half spacing to the organizing secretary via email for review. Selected abstracts will be informed about the mode of presentation and other details.
